EXPERIENCE

Jul 2022 - Present | Product Designer UX/UI *Panda Trading System, Haifa*

Leading UX/UI design for complex B2B trading products (WebTrader, CRM, Mobile App, Trading Server Management Console) serving global brokerages.

- **Design System:** Built and scaled a multi-brand Design System (tokens, dynamic variables, component libraries) to speed up development and keep UI consistent across Web and Mobile.
- **Key Features:** End-to-end design of core platform features including PandaSign (eSignature engine), Prop Trading modules, Help Desk, and Push Notification workflows.
- **B2B / SaaS Redesign:** Redesigned WebTrader and Server Console, making complex financial data easier to read and simplifying daily navigation for traders and admins.
- **Team Collaboration:** Worked closely with PMs, Front-End Developers, and QA to refine UI specs, edge cases, and test designs before releases.
- **Company Websites:** Redesigned marketing and product websites to improve structure, visual hierarchy, and user conversion.

Mar 2018 - Jul 2022 | UX/UI Web Designer *Freelance, Israel*

- Designed custom mobile apps, responsive websites, and visual identities for local SMB clients.
- Handled the full process: user research, wireframes, UI kits, interactive prototypes, and developer handoff.
- Led client meetings, design reviews, and project delivery.

2011 - 2016 | Graphic & Marketing Designer *Earlier Experience: Extremstyle & Vikter Plus — Kyiv, Ukraine*

- Led marketing design, retail visual communications, print production, and brand identity projects.

SKILLS & TOOLS

- **Product & UX Design:** End-to-End Product Design, B2B SaaS, Design Systems, User Journeys, Wireframing & Interactive Prototyping, Usability Testing, Developer Handoff.
- **Tools & Environment:** Figma (Auto Layout, Tokens, Variables, Component Libraries), FigJam, Jira, Zeplin, Adobe CC (Photoshop, Illustrator).
- **AI & Modern Workflow:** Generative AI tools (ChatGPT, Claude, Gemini, Codex) integrated into design research, copywriting, and rapid prototyping workflows.

EDUCATION & LANGUAGES

- **Education:** M.A. in Graphic Design (Kyiv National University of Technologies and Design, 2005–2010).
- **Professional Development:** UX/UI Mobile Applications (StudyKvo, 2022), Graphic & UX/UI Design (John Bryce College, Israel, 2020–2021).
- **Languages:** Hebrew (Advanced), English (Upper-Intermediate), Ukrainian (Native), Russian (Native).
